VerseOne Distribution Launches Affiliate Program for Music Bloggers and Writers.

VerseOne Distribution Launches Affiliate Program to provide revenue generation opportunity for individuals and businesses such as Music Bloggers, Entertainment Website Owners, and Content Creators to generate full-time or part-time income.

The affiliate program allows affiliates to sign up and create a profile that gives them a short and unique web link, banner images that they can post or publish on websites and/or social media, newsletter, mailing list, QR code, etc.

New affiliates who join before June 30, 2021, are to be awarded a \$10 sign up bonus in addition to the standard earnings.

Affiliates earn \$5 when a new artist signs up to the program and payouts are made at month-end when a \$50 threshold has been reached.

The affiliate program has features such as:

- Ability to track reporting by date, week, month, and year.
- The acquisition section shows the source and referrer of each click.
- New UI for assets display (banner images, referral links, and other affiliate resources).
- Enhanced ability to view your conversions, commissions, and bonuses.
- Tracking the sources of your leads on a map using the Geo-distribution feature.
- Most importantly, the affiliate program can efficiently track monthly payouts on the dashboard.

More information about the VerseOne Distribution Affiliate program can be found here <https://verseone.net/affiliate-program/>

About VerseOne Distribution

VerseOne Distribution provides digital music distribution services for artists to sell their music and music videos on digital streaming and download stores worldwide. Music and music videos submitted to us get distributed to 250+ endpoints. Artists keep 100% of their copyrights.
